

EMI's Alternative Fuels Index ... Your lifeline to the Alternative Fuels Market

EMI's
Alternative Fuels Index a weekly price benchmark
sm for alternative fuels

Read by more than 4,000 organizations, *AFI* is the only publication that covers all seven alternative fuel products registered and approved by the Department of Energy.

Inside Alternative Fuels Index

Every week, *AFI* delivers information focused on the seven DOE approved alternative fuels. These include:

- Biodiesel
- Electricity
- Ethanol
- Natural Gas
- Propane
- P-Series
- Methanol

In each issue you'll find:

- Reliable benchmark price index.
- Breaking news from the AF marketplace.
- Industry commentary relating to supply, price, policy and news.
- Detailed and accurate prices and trend analysis at the wholesale level.
- Refined products cost comparisons.

Join Our Esteemed Readers

Notable users of *AFI* include OPEC, Defense Energy Support Center, Defense Logistics Agency, EPA, California Energy Commission, USDA, Dept. of Natural Resources, Biodiesel Board and more. *AFI* is also used by a variety of states to benchmark major alt fuel contracts.
